BARTLETT,
BY 85,000.

Awful Rebuke Administered
to the Democratic
Candidate.

HE WAS THE PARTY'S HOODOO.

To His Nomination Is Due the
Downfall of the State
Democratic Ticket.

RAN 34,000 BEHIND IN THIS CITY

Tammany Saves All But One
Senator and Three Assem-
blymen from the Wreck.

That the nomination of Isaac H. May-
nard for Judge of the Court of Appeals
was the cause of the defeat of the State
Democratic ticket is clearly apparent
from the latest figures obtainable of
the result of yesterday's election.

His name was scratched throughout
the city, and it is evident from the
count of the votes that Republican
papers for State candidates, from Sec-
retary of State to State Engineer, were
freely used on the upper quarter of the
Democratic ballots.

This much can be determined from the
slight differences noticeable in the vote
cast for the Democratic candidates for
city officers, all of whom are elected.

The plurality for Cord Meyer, Demo-
cratic candidate for Secretary of State,
in the city is approximately 66,875, while
the plurality in the city for Maynard is
only a little over 32,000. This shows that
Maynard ran behind the ticket to the
extent of at least 34,000 votes, in spite of
the tremendous efforts made by Mr.
Croker and Tammany Hall in his behalf.

The vote for Judge of the Court of Ap-
peals throughout the State is equally
surprising. Edward T. Bartlett, the Re-
publican candidate, secured in the vari-
ous counties pluralities of about 120,000.

While those for Maynard did not exceed
this, a plurality for Bartlett of 8,000.

While these figures are not official they
are believed to be very near correct.
The official returns may show an even
larger plurality for Bartlett.

Mr. Croker had predicted a plurality
of about 70,000 in this city for Maynard,
and from advice received from Kings
County he was led to expect that the plu-
rality for that gentleman in the two
counties would be very close to 100,000.

But Kings County also scratched the
election-returns jockey, and instead of
giving him a plurality piled up one of al-
most 20,000 for his opponent—more than
half that given to Maynard in New York
County.

Following are the successful candi-
dates in this day and county.

SENATE MAY BE A TIE.
But the Republicans Will Have
Legislature on Joint Ballot.

The next Legislature will be Republi-
can on joint ballot by from 12 to 13
majority, and probably Republican in
both branches. According to the re-
turns this morning the Republicans have
elected 17 Senators and the Democrats
15, but this result may be changed, the
Democrats claiming the election of Al-
fred Hennen Morris for Senator in the
Fifteenth District, composed of West-
chester County and the Twenty-fourth
Ward of this city.

If Morris is elected, the Senate may
be a tie, and in that case Lieut.-Gov.
Sheehan, who is a Democrat, would have
the deciding vote.

The gain of the Senate would be a po-
litical advantage in more than one sense
to the Republicans. The Senate has the
power of confirmation of the Governor's
appointments, and, being a smaller body
than the Assembly, and, consequently,
more widely, the Republicans relied on it
to block there all legislation objection-
able to them from Democratic sources.

Two-thirds of the Assembly will be
composed of new members. The Republi-
cans have returned Hamilton Fish, of
Putnam; George H. Malby, of St. Lawrence,
and D. E. Alsworth, of Oswego,
who were the leaders on the floor of the
Assembly last year.

One of these will be Speaker. It is
not likely to be Fish, who has kicked
over the traces once or twice, and who is
one of the Commissioners of Appraisement
for condemned Cretan lands by grace
of Tammany Hall.

Malby was the caucus candidate for
Speaker last year. It is said Mr. Platt
promised him the Speakership if the As-
sembly would be Republican this year.

SENATORS.
First—Martin T. McMahon, Dem.
Second—John F. Ahern, Dem.
Third—Thomas D. Sullivan, Dem.

Service Commissioner Eustace in 1892, is
returned from Chemung.
In this city the Republicans have re-
captured the old Eleventh District and
carried the new Twenty-third District.
The district is concededly Republican.
The Republicans also claim the As-
semblyman in the Twenty-seventh Dis-
trict, retiring from public life Tam-
many's Chairman of the Assembly Cities
Committee, the sponsor of so many
obnoxious measures, which will and have
cost the taxpayers of New York City
many millions of dollars.
Only eleven of New York City's pre-
sented Assemblymen are sent back to Al-
bany, but the infusion of new blood in
the delegation does not promise an im-
provement in the merit of the representa-
tives, excepting Sheffield, Lawson and
Robertson, who are said to be men of
ability.

EDITORS ON THE RESULT.
Interesting Comment on the Down-
fall of the Ring Politicians.

The year was propitious for the needed
discipline. The State officers lost are
relatively unimportant. A Republi-
can Legislature will be checked by a
Democratic Governor. The honor of
the Court of Appeals is saved. And the
bosses have learned that there is a limit
to the patience of the people.

Brooklyn Eagle—There are more Demo-
crats than Republicans in Kings Coun-
ty. The Democrats here are in two
parties instead of one. The only way
in which to bring them into one party
is by reorganization. The only reor-
ganization that can do that is one by
election districts. The "big fellow" is
a Democrat, but he is no longer
"The party is determined to be its own
boss alone and to have no other. Mr.
McLaughlin can represent his due pro-
portion of influence in reorganization,
but no more, and his assistants, from
"the most trusted lieutenants" down to
the most demoralized dog catcher, must
take their proper ratable position and
none other.

New York Times—The people of the
State of New York had a debt to dis-
charge to the Democratic politicians, and
they yesterday wiped the slate ex-
tremely clean. They owe little to the
Republican politicians, in spite of whom
the Republican ticket has been elected.

Herald—While it is a victory which
gives the State from the cleavage of a
taunted judiciary and rids Brooklyn and
Buffalo of ring rule, it is also a ringing
protest of the people against loss of detest-
ment.

Press—For an off year, the Republican
party may well feel on fairly good terms
with itself this morning.

Mercury—The result has been brought
about by the blunders of Democratic
bosses and an intolerance of further
going rule.

Morning Advertiser—The Democratic
party, in the face of this result, must
find new leaders and new methods.

Tribune—To that particular faction of
Democratic politicians which is in con-
trol of the party organization, which
caused Maynard, which fed on his in-
famy and lifted him beamed to the
highest public station, which, empowered
by his crime, tried to rivet itself in con-
trol of the State by laws that offered a
bounty for villainy, the faction which in
Eric, in Henschel, in New York and in
Kings practiced yesterday every form of
electoral rascality that ingenuity and
long experience could devise—to this
criminal gang the arm of popular in-
dignation has delivered a shattering
blow.

San-Happy are the people who have
won the privilege of self-government.
Existence for them has a zest which
only they can enjoy.

HERSEY RING

Anti-Race-Track Men Won a
Signal Victory in New
Jersey.

Latest returns from the New Jersey
election only serve to increase the
majorities of the anti-race-track men
and emphasize the defeat of the ring
which has so long dominated the State.
The opponents of the gamblers and the
men under the lead of Roscoe Thompson
and McLaughlin have won a great vic-
tory.

The anti-race-track men have elected
seven State Senators and their opponents
but one. Nine Democratic State Sena-
tors hold over and so do four Republi-
cans. The new Senate stands: Republi-
cans, 11; Democrats, 10.

In the State Assembly the Republi-
cans, or anti-race-track men, have 39
and the Democrats 21.

There is a clear working majority
against the Winter race tracks in both
branches of the State Legislature.

The most signal victory for the reform
party is the election of Col. John J. To-
ffey as Sheriff of Hudson County by a
majority so great that the race-track
candidate, Edward R. Stanton, seems
not to have been in the fight at all.
This is especially significant because the
possession of the Sheriff's office is of vital
importance to the men who own the
Winter race tracks, and the fight was a
desperate one.

The defeat of the Winter race-track
men means the repeal of the race-
track gambling laws and the approaching
session of the New Jersey Legislature.
The victory of the reform element will
naturally be followed by the discontinu-
ance of Winter racing in New Jersey.

A significant feature of the voting
was its sole reference to race-track
legislation. That was the one issue.

When the race-track champion was the
State's plumed candidate, as in Atlantic
City, he was defeated by the united
action of Republicans and Democrats.

In Sussex County every Democratic
candidate was defeated. Such a thing
had never before happened in the
county.

In Monmouth County the entire fusion
ticket appears to have been elected.
"Under Bradley, of Asbury Park, claims
a small majority.

The composition of both houses of the

The ring in control of Brooklyn has
been broken. Mayor Boody, who posed
as a much-abused man and sought "vin-
dication" at the hands of the voters,
has been buried under an adverse ma-
jority close upon 30,000.

The Republicans, assisted by the re-
spectable element of the Democratic
party, in addition to rolling up large
majorities for the State ticket have
elected William J. Gaynor to the Su-
preme Court bench, a Sheriff, Supervisor
at-Large, and for the first time in many
years, a majority in the Board of Al-
dermen.

They have elected three of the five
candidates for Senator.

They will probably send eleven As-
semblymen to Albany, an increase of
ten. They had one out of eighteen in the
last Legislature.

In the Board of Supervisors the Re-
publicans have elected twelve of their
men against five Democrats. This is a
very large increase.

following candidates have been elected:
